FALL 1946

A complete list of Top Size Garden Bulbs is now available for your Garden.

A few suggestions in types and varieties are illustrated on this beautiful Folder.

Left: A display of Tulips in the newer varieties. Top size bulbs are required for such a planting.

Right: A native planting of Narcissi and Muscaria. Early fall planting assures a good display of color the first season. This type of planting can be left undisturbed for years, it is long lasting.

Varieties and prices are listed on the reverse side.

Lilium Candidum

The finest white lily plant with Blue Delphinium for color effects

75c each, per 10 $6.00

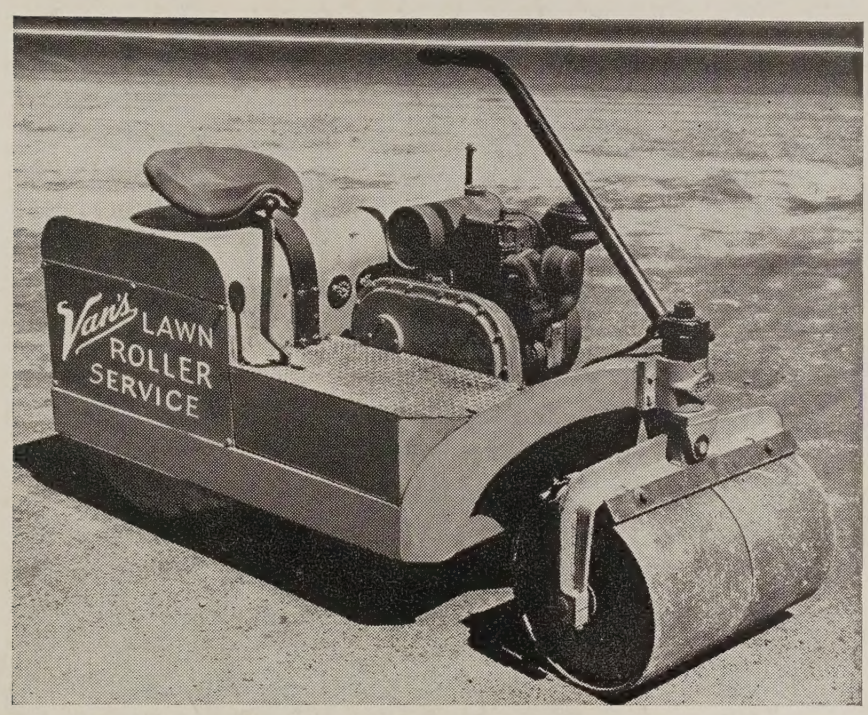
VAN'S

Lawn Rolling Service



Lawn rolling has been added to our Landscape Service.

This Illustrated Roller is the most efficient yet designed.

The two section roller in front protects the Grass against burning with sharp turns while the rear roller flattens the surface to perfection with its 61 lbs. compression per lineal inch. This roller has its own sprinkler system to wet the rollers when necessary.

A 5 H.P. air cooled engine provides ample power for this 1825 lb. roller.

Ask for the Service Charges. Tel. New Bedford 2-0330.
